

Bern, 25. May 2018

Information as to the new and updated European General Data Protection Regulation (GDPR)

Dear patient,

As of 25th of May 2018 the new European Data Protection Law came into force. It comprises several amendments and juristical adaptations concerning the collection, storage and processing of patient related data which may also concern you.

According to this regulation you have the right to:

- Information as to your data and how the data is processed
- Correction and/or deleting of your data
- Instruction how you want your data be processed (e.g. only storage and no further processing)
- Objecting to the processing of your data
- Data portability
- Cancelling of your agreement to future processing
- Addressing your complaints to the Data Protection Supervisory Authority

Further information are available here:

<https://www.edoeb.admin.ch/edoeb/en/home/the-fdpic/links/data-protection---switzerland.html>

We thank you very much for your attention and taking note of this information.

Kind regards,

Prof. Dr. med. J.-F. Dufour
UVCM/Hepatology
